

# C-130J Super Hercules

One Aircraft, Many Capabilities

# C-130J Super Hercules

## PROVEN PERFORMANCE: 2 MILLION FLIGHT HOURS

A combination of rugged design and increased power help the C-130J to go where others can't, don't and won't go.

## GLOBAL CHOICE: AIRLIFTER OF CHOICE FOR 20 NATIONS

C-130J fleets may be national assets, but with such a large global presence, these Super Hercs quickly become true force multipliers.

## UNRIVALED VERSATILITY: 17 MISSION CAPABILITIES

One aircraft, many missions ... no aircraft in history or operation today has can match the C-130J's certified multi-mission capabilities.

## INCREASED STRENGTH: INCREASED SPEED, RANGE AND SPACE

C-130J is faster, goes farther and holds more compared to legacy platforms, translating to greater power and enhanced operational efficiencies.

## INTEGRATED SUPPORT: 24/7 SUPPORT FROM TIP-TO-TAIL

Wherever a C-130J operator is in the world, Super Herc support is always close by thanks to in-person, real-time and global support resources operated out of five continents.
